Work Experience

Lincoln Education Pvt Ltd - Web Developer

March 2022 – current

Kolkata, West Bengal, India

- Developed captivating frontend interfaces with Vue.js and Vuetify, enhancing user experiences by seamlessly integrating them with backend APIs.
- Collaborated closely with backend developers to optimize frontend designs based on API requirements, ensuring optimal performance and usability.
- Maintained consistency in design, functionality, and user experience across various web applications by developing and maintaining frontend components.
- Actively contributed to refining development processes by implementing Vue.js best practices and harnessing Vuetify's component library, thereby enhancing overall project efficiency.
- Spearheaded the integration of frontend designs with .NET framework-based backend systems, ensuring fluid communication and data flow between Vue.js components and backend functionalities.

Personal Projects

Coinzone - Website : paul-sangita.github.io/crypto-tracker
